At Supra Boats our team's success lasts long enough for high fives and a social media shout out, then it's back to the digital drawing board. The new 2014 Supra Boats line embodies this passionate drive for continuous improvement. We are not concerned with being better than the next wake boat manufacturer. Our goal is to go beyond better by creating wake boats

that elevate your expectations of the advantages you, your family and friends can gain from your Supra on the water. From wakes, ride and handling performance to power to interior refinements to the team that puts it all together to exterior design to extremely useful features and options, Supra boats are elevating expectations beyond better in 2014.

supra boats, beyond better

The Supra Ride System (SRS) combines performance wake features to move your riding beyond better. The tough, adjustable, weightless, folding Pro Edge tower or fixed, weightless, folding S-Bend on the 242, includes swivel combo board racks, 4 Spin speakers, a bimini, upholstered accents, LED lighting, Contrast color options and more. Supra's hard tank sub-structural floor Liquid

Lead ballast system and available Flex ballast work with the attitude adjusting SmartPlate to create ideal wakes for all. Integrated Zero Off speed control and the unaffected wakes passing by the PURE Surf swim step deliver the ride of your life. Harness this powerful performance with the tap of your finger on customizable rider profiles stored in the VISION Touch dash system.

you're in for a sweet ride

custom shaped waves are swell

Elevate your expectations to sculpted surf waves in addition to convenient side to side transfer controlled through a touch screen without compromising handling or forward visibility. While others divert water, Supra shapes it to create clean scalable Swell waves. The new Swell Surf System cranks out Skim and Barrel waves, on either side, to satisfy a variety of surfing

styles and skill-sets. The Supra Swell Surf System transfers surfers from port to starboard without moving ballast or people. Even when weighted the driver never loses sight of the horizon or has to make listed turns with the Swell Surf System engaged. This "Beyond Better" performance is all controlled through Supra's VISION Touch with a range of surf settings.

BARREL

SKIM

handle every situation with ease

Model-specific hull design creates the perfect ride, handling and wakes for each Supra boat. The Precision Rudder plunges deeper into the water for low and high speed maneuvering you can command with ease. Rack and pinion steering furthers this superior control. Dorsal Tracking Fins on the SA350-550 and the new SC350-550 hold a rock solid line and act as an amazing pivot point in tight turns.

LSA The 6.2 liter 550 horsepower LSA is the first production supercharged Gen-IV small block engine for the marine industry. The same 6.2L Supercharged LSA that powers the fastest production sedan, also powers the pro riders' choice SA550. The 6.2L SuperCharged LSA with 545 lb-ft of torque at 4000 rpm is the perfect blend of high-rev horsepower and low-rev torque.

345 SURF This 5.7 liter IBEX Innovation Award winning engine is exclusive to Supra Boats and standard in all 2014 models. Built with an air-oil separator to prevent oil induction into the PCV, the industry's only "surf" engine was engineered to take full advantage of its 345 horses and 370 lb-ft of torque for quick smooth acceleration even in wake surfing conditions.

LS3 The 6.2 liter 450 horsepower big-bore LS3 powers the all new Camaro and is now available in your Supra boat. This engine breathes with large valves and high-flow cylinder-heads sourced from the monster 7.0-litre LS7 racing engine. The LS3 delivers a great balance of performance and efficiency with optimized flow efficiency to build power and improve fuel economy.

409 6.0 If you opt for this torque-rich 6 liter it has the power to make the hair on your neck stand straight up every time you turn the key in a Supra 242. Discover massive gains in throttle response, horsepower and towing power made possible by the Supra 409 6.0 Liter engine from Indmar. Not available in SC or SA models.

the power of refined performance

Supra Boats are pushed by the world's premier inboard power, Indmar. Just like Supra is dedicated to continuous improvement, our engine partner is fueled by this same charge. Exclusive engines like the jointly developed Innovation Award-

winning Supra 345 Surf Engine (345 hp), standard in all 2014 Supra boats, help propel Supra beyond better. The available 409 horse power 6-liter, 450 horse power LS3 and 550 horse power LSA leave no doubt who offers the best power.

raise your standards to luxury

Supra boats raise the standards of wake boating with luxuriously intuitive interior features. Supra's elegant E-Boost Racing-style Driver's Seat combines style, comfort and electronic height adjustment. The VISION Touch dash continues captain convenience with Supra Driver Presets that store seat height, seat heat, screen style, lighting and climate control with one-touch command. Triple-up Seating with a convertible

lean back in the lounge and a 36-can relocatable stay-cold AO Cooler continue the usability without compromise. Bluetooth-enabled 10-speaker Polk Sound can be DJ-ed from the dash, glovebox, lounge or optionally from the swim step. Spradling's SUPRASKIN® Marine Vinyl protected by abrasion and stain resistant PERMAGUARD® is sewn with GORE® TENARA® Thread for the ultimate in UV, chemical and saltwater resilience.

inspired

Supra boat designers will glean inspiration from nearly any example of performance or style. They could be moved by something as simple as the body line on a muscle car or as technical as a jet propulsion system. If the inspiration has the potential to improve a Supra, it is folded into the design process.

design

Always evolving to the best solution that it can be; a Supra design rarely ends-up exactly as it began. The Supra team applies refinement and validation to their ideas, but at the same time the design process has an element of freeform that allows them to truly innovate.

relentlessly

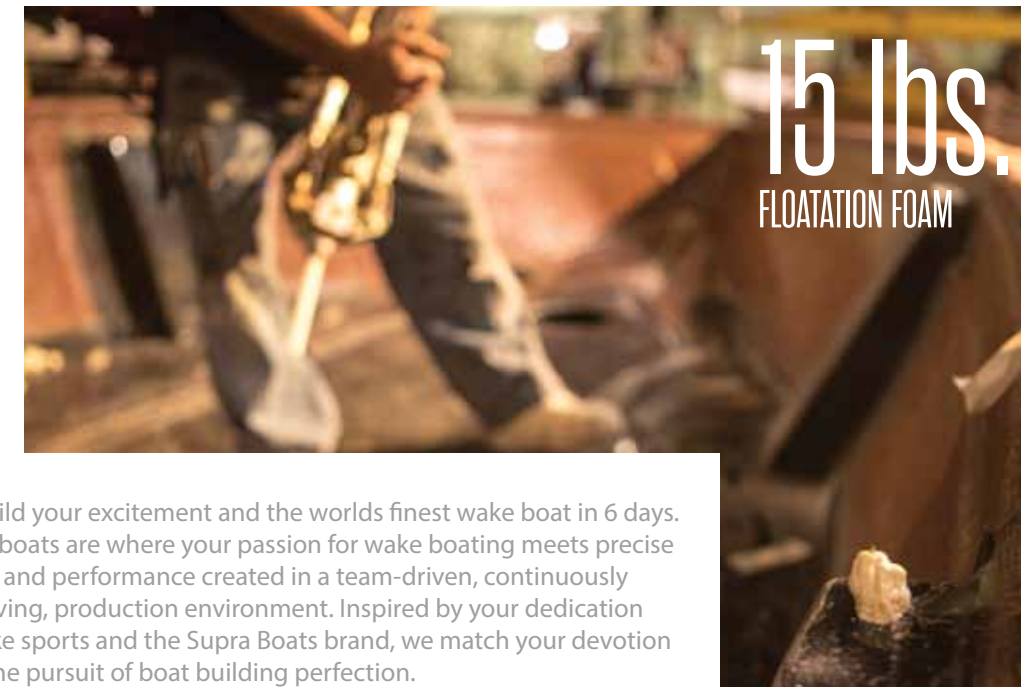

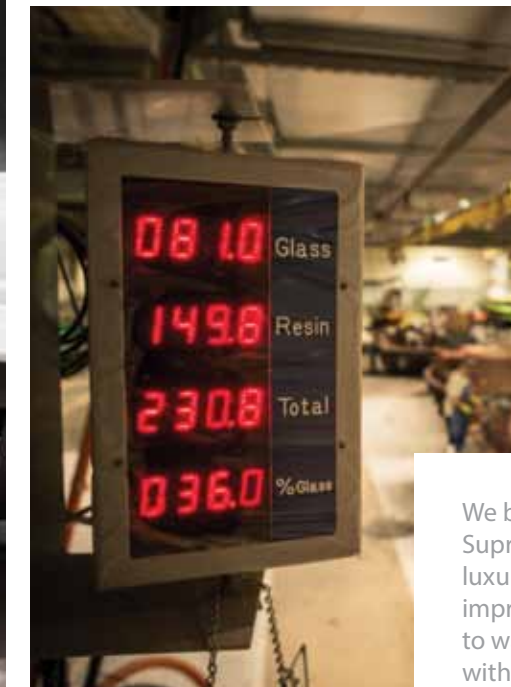

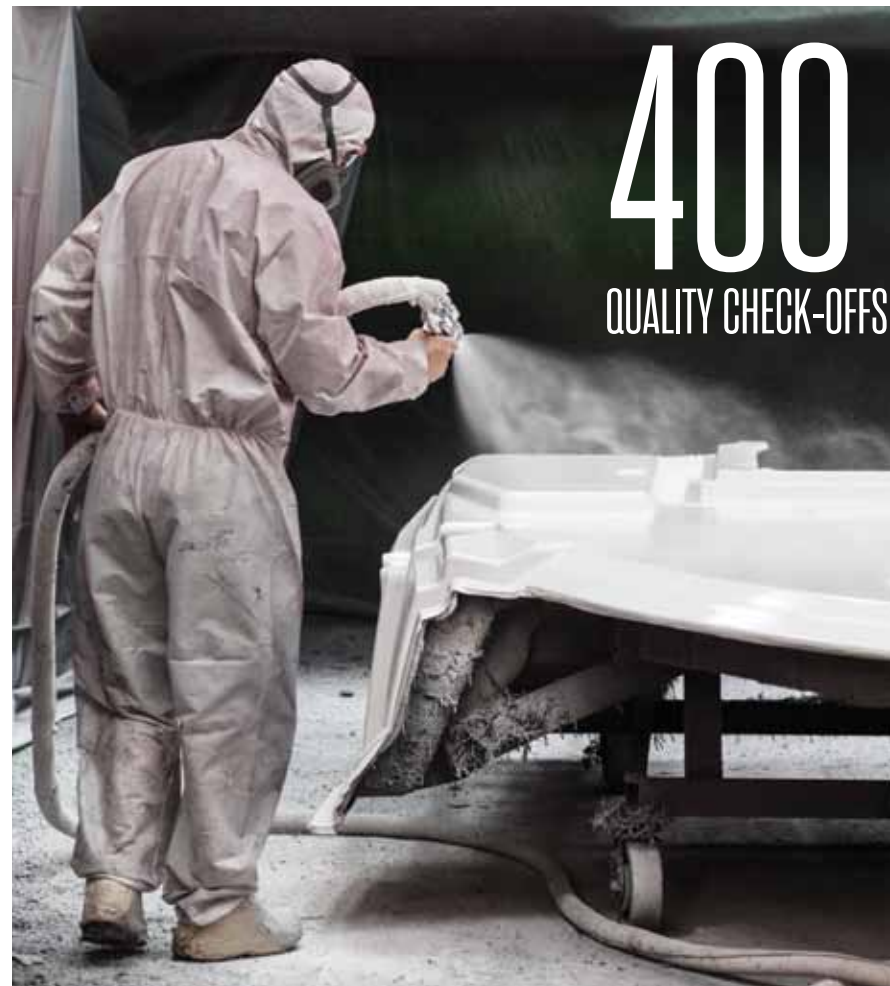

Supra boats are constantly on a path toward excellence. It is not just enough to be performing above the highest expectations, Supra is driven by continual improvement to energize you, our customer.

refined

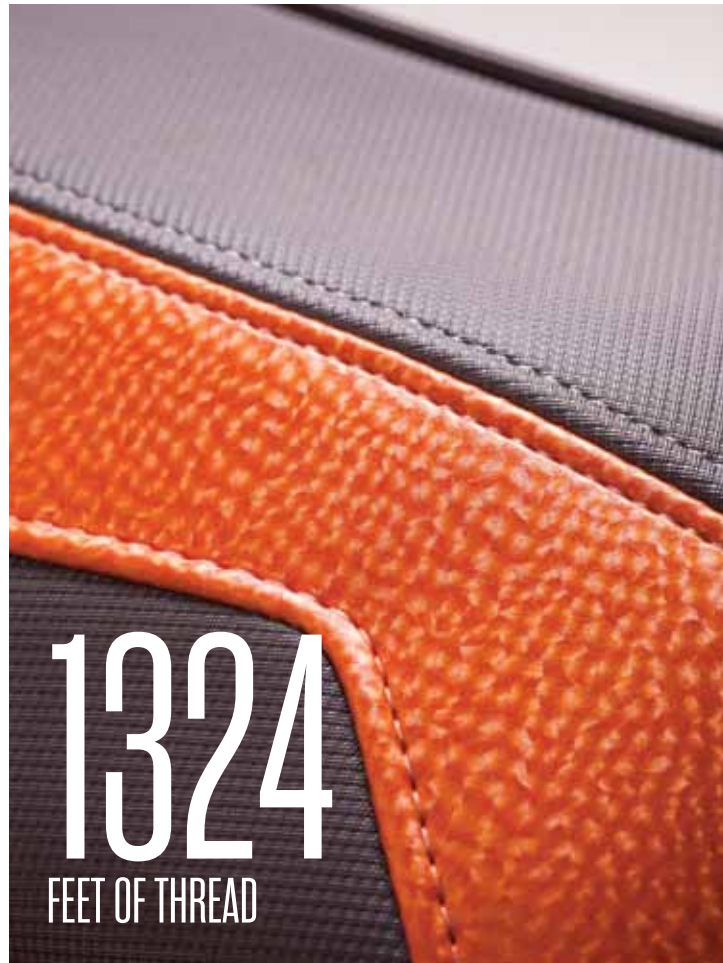

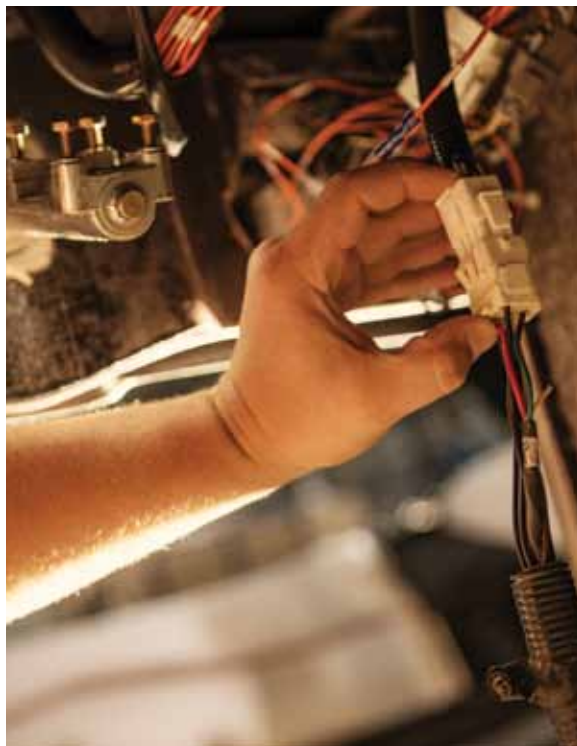

Every Supra design and innovation is seen through a lens of continuous improvement. We are always looking at our products critically with the goal of refining even the most successful Supra developments.

PASSION MEETS PRECISION

We build your excitement and the worlds finest wake boat in 6 days. Supra boats are where your passion for wake boating meets precise luxury and performance created in a team-driven, continuously improving, production environment. Inspired by your dedication to wake sports and the Supra Boats brand, we match your devotion with the pursuit of boat building perfection.

2014 SUPRA BOATS

A traditional bow boat infused with shock and awe, the 2014 SC350, SC450 and SC550 from Supra Boats are making waves. The wake performance of the SC will help you do the same on your local body of water. The shape and size of SC wakes will take your performance beyond better with specific hull design, 900 pounds

of hard tank sub structural floor Liquid Lead ballast, the versatile SmartPlate and optional 1300-pound Flex ballast. The SC350-550 cranks huge walls of water for launching off of both sides and calms the water with a SmartPlate adjustment at skiing speeds, but its true calling lies with the curl.

keeping you surf centered

SC

Huge pushy waves, no bow rise, superior handling even when weighted and increased interior depth make the new SC a curl carver's dream. Add the Supra Swell Surf System and watch your dreams of wake surfing reach euphoric proportions with two distinct styles of wakes, seamless VISION Touch integration, improved handling and forward visibility even

when weighted and the ability to transition from port to starboard waves without moving weight or people. Beyond the performance, one look at its menacing style and intricately plush interior and you'll realize the SC is a luxury muscle car on the water. This Supra is specifically designed to deliver punishing performance along with inspired interior accommodations.

a luxury muscle car on the water

Overall Length w/o Platform: 21' 8"	Width (Beam): 102"	Draft: 26"	Ballast (lbs): 900 (S) 2,200 (O)
STD HP: 345 HP-SC350, 450HP-SC450, 550HP-SC550	Passenger: 14	Fuel: 49 gals	Weight - Boat only: 4,300 lbs

The SA350, SA450 and SA550 combine shocking wakes, precise handling and an awesome interior. Supra Ride System (SRS) components like 900 pounds of hard tank sub structural floor Liquid Lead ballast, a loaded Roswell Pro Edge Tower, Zero Off GPS speed control, the wake-refining SmartPlate, VISION Touch Rider Profiles and 1,300-pounds of available Flex ballast will wake-up your dreams of going pro. The new

optional Swell Surf System makes pro waves shaped in Skim or Barrel style on either side with a touch of the VISION. The SA attacks the water with 350-550 horses of Indmar power, depending on your engine choice. Hull design optimized for wakes and handling as well as through-bolted Dorsal Tracking Fins and a Precision Rudder drive the Supra performance home in this Wakeboard World Championship tow boat.

shock and awe, sparks fly

SA

The SA has gone soft, but durable on the inside with the abrasion resistant stain protected SUPRASKIN® vinyl from Spradling. This interior joins brilliant new vinyl colors and textures with GORE® TENARA® Thread for seating as luxurious as it is resilient. Snap-out carpet covers the SA's fiberglass floor for a quiet convenient base to a plush interior. The look is even

hotter for the SA350-550 in 2014 with stylish new metal flake gel coat colors and Pro Edge tower Contrast color options. A refined windshield finishes the sleek profile of the SA and elevates the elegance level to the beautiful Barrage Front End and the purposeful Battle Prep Transom. The Supra SA is sending the sparks of shock and awe flying for 2014.

Overall Length w/o Platform: 22' 6"	Width (Beam): 100"	Draft: 26"	Ballast (lbs): 900 (S) 2,200 (O)
STD HP: 345 HP-SA350, 450HP-SA450, 550HP-SA550	Passenger: 13	Fuel: 49 gals	Weight - Boat only: 4,300 lbs

Whether you're looking for a luxury ride to dinner or pro-level wakes, the 2014 Launch 242 takes you there. Available in new metal flake gel coats like Atomic Orange or Intense Green with the new Force wrap graphic, the 242 looks the part of an amazing wake boat, even from a distance. Deep seating for 15 draped in multi-textured

new SUPRASKIN® Spradling Marine vinyl line the inside. Large LED-lit storage areas have room for everything including the stay-cold 36-can Supra Boats branded soft-sided AO Cooler. The Indmar 345 Surf engine cranks out 370 lb-ft of torque, Flex ballast swells to 2200 pounds, SmartPlate refines shape and wakes Launch.

a luxury ride to pro wakes 242

the ride of your life

Control the performance with the VISION Touch dash and save wake settings in as many as 16 unique Rider Profiles. The 242 is the ride of your life no matter where you're headed.

WORLDS

Official towboat of the Rockstar Energy Drink WWA Wakeboard World Championships, the Worlds Edition package is available on any 2014 Supra model. The Worlds Edition takes an amazingly equipped Supra boat and raises it to world-class pro tournament levels. Exclusive Worlds Red or White base gel coat schemes join military-style graphics, a Blacked-out "Supra", custom tower colors, Z-5 Cargo Rack, a "Worlds"

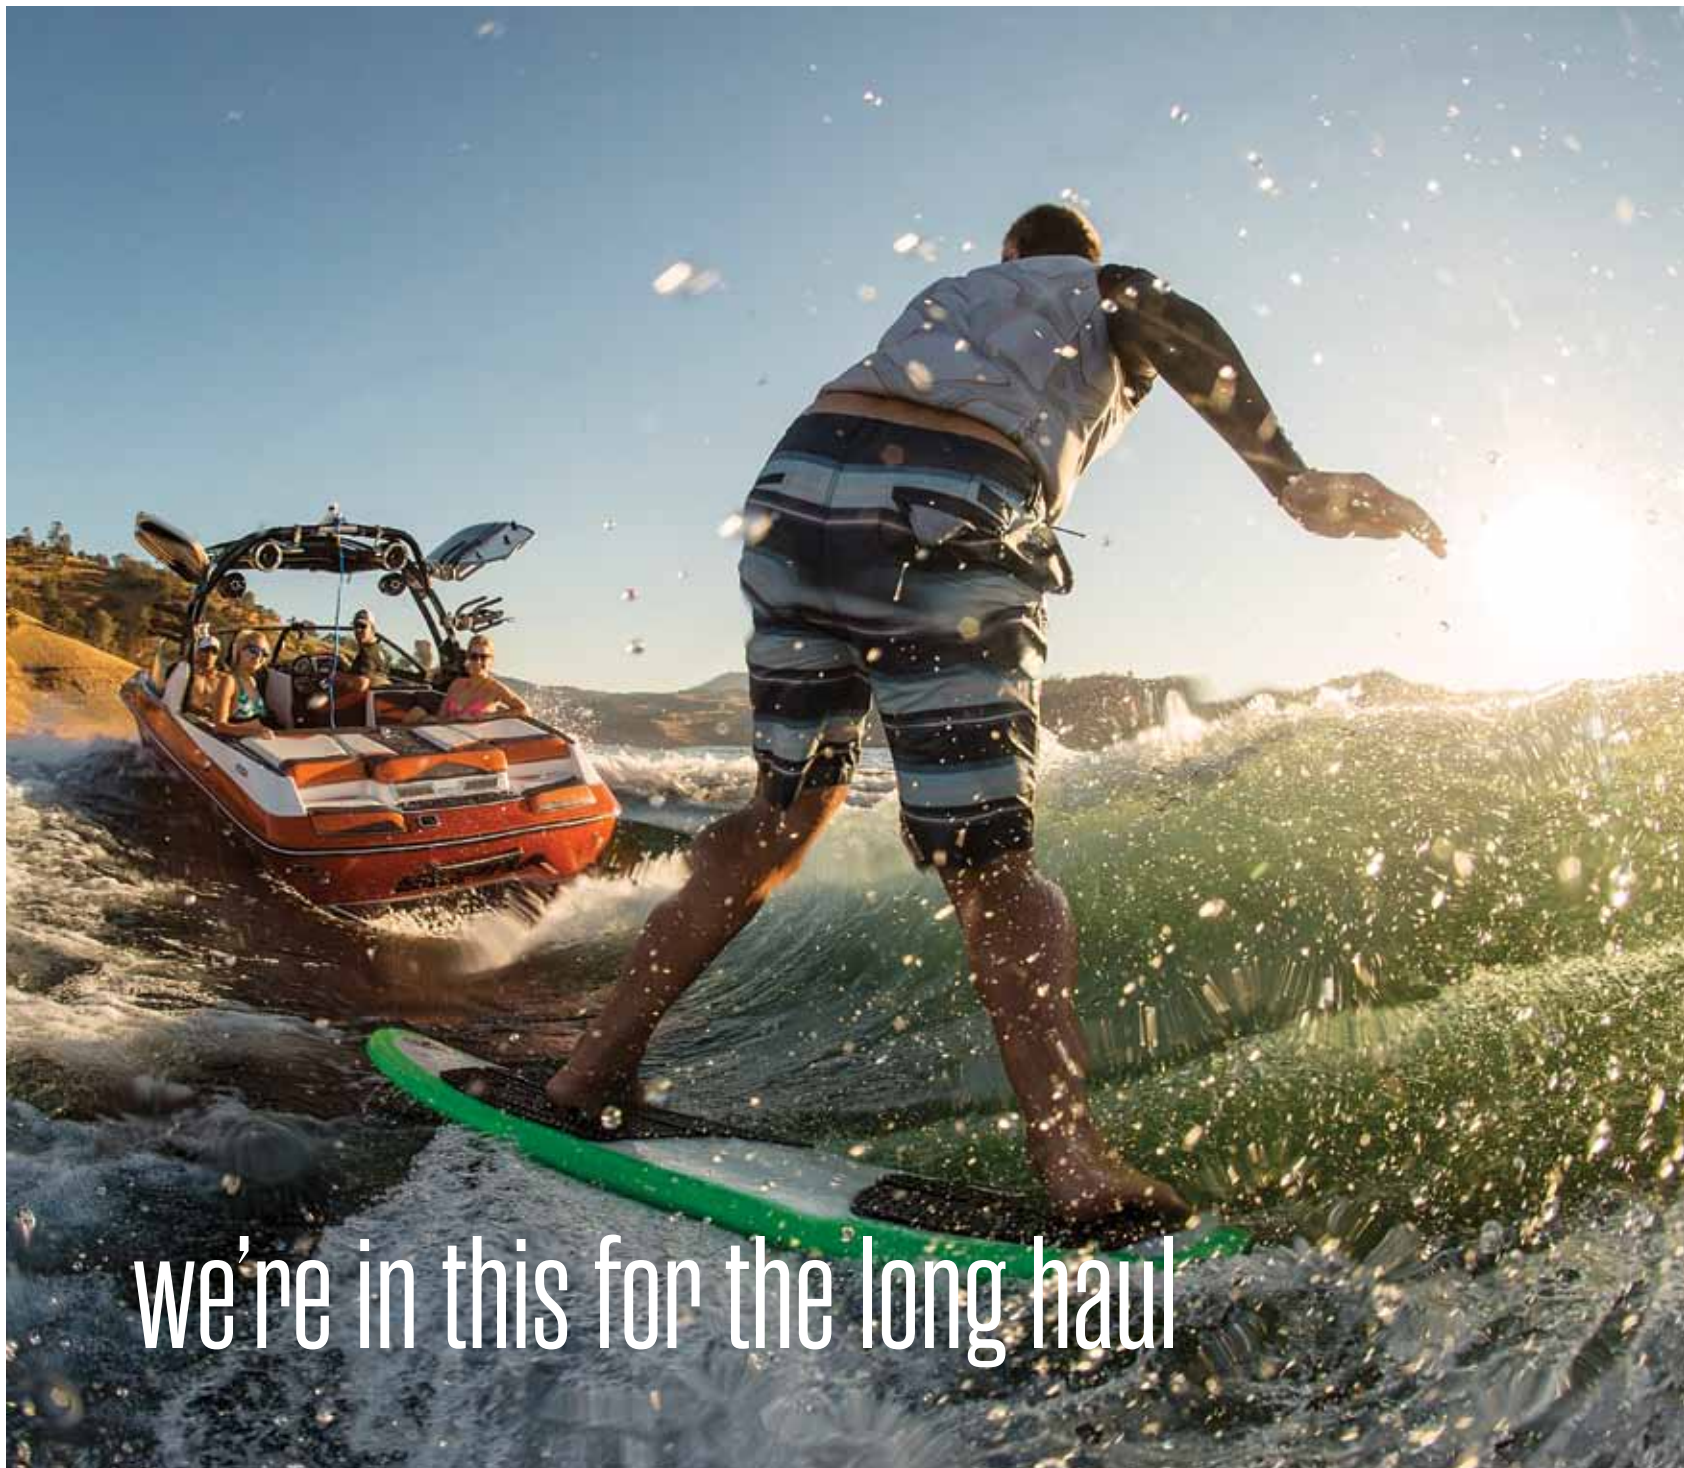

SeaDek swim step pad and underwater lights with strobe for a distinct exterior look. The Worlds Edition also pumps up the volume with a Polk Sub and dual batteries with onboard charger. The Worlds Boatmate tandem axle trailer is over the top with 18" premium wheels, 2-tone metal flake trailer fenders, illuminated laser cut steps, aluminum step plates, surface mount LEDs, transom steps and transom straps

worlds domination

OWNERSHIP

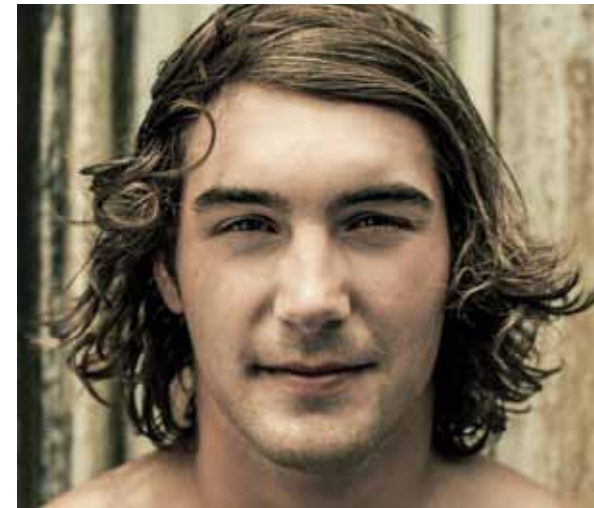

we're in this for the long haul

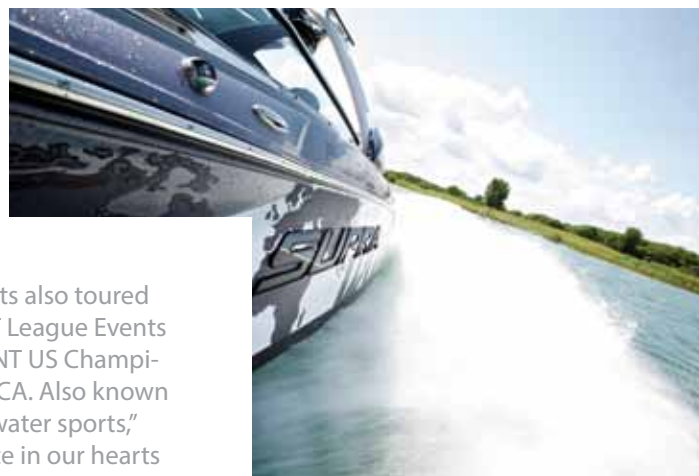

The boat sale is just the beginning of our relationship. We are in this for the long haul. This is why Supra boats are built with refined well appointed interiors and professional level performance that lasts. We work hard to make sure Supra is a part of your lake life for years to come. Even if things do go wrong Supra Boats' 8-time award-winning customer service, and extensive 3 year component warranty kick in. The Supra ownership experience continues with videos and information on supraboats.com. Keep in touch on Facebook or on Twitter and sign-up for the Supra Boat E-newsletter to have the latest delivered directly to your email account. Even dress yourself in Supra with the Supra Boats Apparel web site.

The Supra Boats Pro Team is much more than a group of sponsored athletes. They are our family. We are fans of them as people and teammates as much as professional competitors. They are dedicated ambassadors of the boat brand that helps them win, but more importantly they represent Supra Boats with poise and character. That is a big reason why they continue to succeed in their sports. We couldn't be more proud to be part of Team Supra Boats!

- PROS:** Austin Hair, Bec Gange, Jacob Valdez , Reed Hansen, Trevor Hansen, Taylor McCullough
- JR PROS:** Arnie Watkins, Bradley Teunissen, Cory Teunissen, Jamie McCauley, James Loisel
- JUNIORS:** Rachel Orgill, Sam Brown

The Rockstar Energy Drink WWA Wakeboard World Championships, presented by Supra Boats went off at Lake Andrea in Pleasant Prairie, Wisconsin on August 15-18. More than 200 professional and amateur wakeboarders and wakeskaters from across the globe competed in the 20th annual invitation-only event for a shot at a world title. Supra Boats also toured the country towing INT League Events in 2014 including the INT US Championships in Bakersfield, CA. Also known as "the little league of water sports," INT holds a special place in our hearts and behind Supra boats. Supra's pulling for amateurs and pros at the best events in the world.

Skier's Choice reserves the right to change model line specifications, equipment, color schemes and pricing at any time without notice or incurring obligations. It is the Dealer's responsibility to adhere to all State and Local regulations and laws governing minimum requirements needed on each boat, such as trailer brakes, kill switches, and other safety equipment.

Safety

Skier's Choice encourages all boating participants to learn and follow safe boating practices. There are risks associated with boating and water sports activities. Be mindful of the risks, familiarize yourself with the environment, know your limits, and conduct yourself accordingly. Read your Owner's Manual and comply with all warnings.

For additional safety information, please visit the US Coast Guard Auxiliary at www.cgauxed.org or the Water Sports Industry Association at www.wsia.net.

Thank You

Building a catalog is like building a strong relationship. The initial idea or meeting is easy, it's the team work and follow through that make the difference. We had an awesome team to work with on the 2014 Supra Boats catalog. We would like to sincerely thank difference makers like Robert Snow Photography, Sequoyah Marina & Resort, Oceono Dunes California State Park, Devon Uderitz, Elizabeth Carollo, the Tinker Family, Blake Wasden, Ryan Lewis, Chis Phillips, Shane Stillman, Jacob Valdez and Claire Denning.
